HOUSE OF X

Hickman Is in the House (of X), and He's Got the Power!

Jonathan Hickman is back at Marvel—and he's moving into the Mutantverse!

Marvel began teasing Hickman's return a few weeks ago without revealing any specifics. Now the specifics have been revealed, and it's geat news for the X-Men and their fans.

Hickman has been tapped as writer of two biweekly limited series: ***House of X*** and ***Powers of X,*** beginning in July.

"We are excited to have Jon back with the Marvel family, and we could not have asked for a better creative team to help usher the X-Men into a whole new era," Marvel Editor-in-chief *CB Cebulski* said. "While we can't reveal too much about the story just yet, these new stories will redefine the X-Men and their place in the Marvel Universe. This is a historic moment both new and passionate fans won't want to miss."

House of X #1, written by Hickman and illustrated by *Pepe Larraz,* will kick off its six-issue run in early July. ***Powers of X #1,*** written by Hickman and illustrated by *RB Silva,* follows a week later; the two six-issue series will continue on an alternating schedule through August and September. According to Marvel, "These two new series... will build from every major X-Men milestone since 1963 up through the current X-Men series and storylines fans know and love, including some of Marvel's most iconic characters from over the decades."

No word yet on how this might affect current X-continuity, including the recently revamped ***Uncanny X-Men*** series by *Matthew Rosenberg*. Look for more info in upcoming issues of ***CSN.***

Walter Simonson's Ragna-Rockin'!

Ragnarök is getting ever close... and it's all *Walter Simonson's* fault!

Back in 2014, Simonson returned to Norse mythology (whose rich heritage he tapped into during his lengthy run on ***Thor*** at Marvel) with the six-issue ***Ragnarök*** series. A few months after that series finished, Simonson continued the saga with a second six-part ***Ragnarök*** series. And now, later this year, he will continue the epic tale in ***Ragnarök: The Breaking of Helheim,*** a third six-part series.

"After so many years, I finally have a chance to draw the last battle of the Norse Gods and their great enemies," Simonson said. "I couldn't be more thrilled. And I have entered Helheim, the realm of the dead, on a journey from which few return. But I have done so and lived to tell the tale—this tale—the breaking of Helheim."

In Simonson's ***Ragnarök*** saga, the gods gathered together and met their foes on the Battle Plain of Vigrid. The gods and their great enemies slaughtered each other; the stars fell from the sky; Midgard itself sank into the all-encompassing ocean, and the Nine Worlds were destroyed. As ***Ragnarök: The Breaking of Helheim*** begins, Thor will hear a voice from out of the past and learn that not *all* the old stories are true...

"Walter's work on ***Ragnarök*** is phenomenally good— exciting, captivating, and entertaining," IDW's Director of Special Projects *Scott Dunbier* said. "It's everything comic book storytelling should be. I count myself extremely fortunate to work with him."

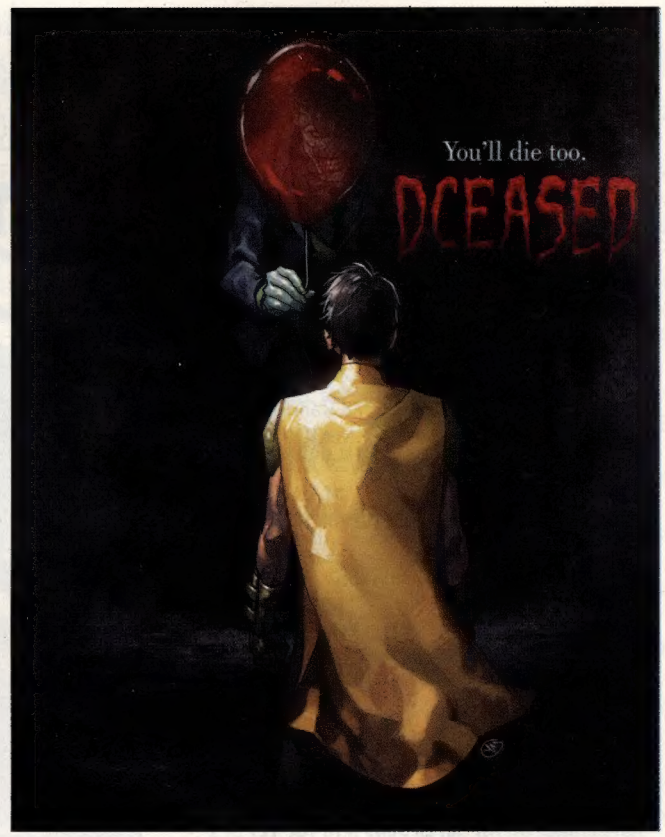
In addition to the regular and variant covers by *Walter Simonson,* a rare ***Ragnarök: The Breaking of Helheim #1 Variant Edition***—featuring a jam collaboration between Simonson and fellow epic storyteller *Stan Sakai*—will connect to a Variant Edition of ***Usagi Yojimbo #1*** as the two creative legends trade characters (Sakai illustrating ***Ragnarök's*** Thor, and Simonson illustrating Usagi) in a remarkable dual composition.

Ragnarök: The Breaking of Helheim #1, written and illustrated by *Walter Simonson,* is scheduled for July release from IDW.

DCeased Gets Putri-fied

The DC Universe becomes a very horrifying place in ***DCeased,*** a six-issue miniseries by *Tom Taylor, Trevor Hairsine, & Stefano Gaudiano,* as a techno-virus infects more than 600 million people around the world, turning them into violent, monstrous engines of destruction. It's up to the World's Greatest Heroes to save the world—as well as their own loved ones—but what happens if they fail?

In recognition of the miniseries' horror roots, acclaimed artist *Yasmine Putri* will supply a horror movie– inspired variant cover for each issue of the series. It begins with ***DCeased #1,*** which features a variant inspired by the movie poster for ***Stephen King's It.*** The second issue draws its inspiration from ***Nightmare on Elm Street;*** the third, from ***The Nun.***



As is the norm for DC variant covers, these covers are offered at standard price—but they will also be printed pretty much to order, which means they're almost guaranteed to sell out right away. If the past is any indication of future performance, that could mean that these variants will soar in price in the days and weeks after release—so if you don't want to miss out, you might want to preorder *now* at your friendly neighborhood comic shop!

IF IVY DOESN'T WAKE UP SCREAMING
SHE WON'T WAKE UP AT ALL.
